September 25th, 2020

Dear Neighbor,

We are once again excited to offer an opportunity to get together as a community and celebrate the harvest season. However, given the challenges of COVID-19, our Harvest Festival will be VIRTUAL this year. We'd like to provide hospitality for you as vendors to advertise on our website. We will be creating a page on our website for you to advertise their products and services free of charge.

If you are a South Sound vendor and you'd like to participate, please create an 8.5 x 11" poster with your products and business name. Also, fill out the registration form with contact information for your customers to get ahold of you. Send the registration and a poster to us as a document, jpg or pdf. An example is attached.

We will add vendors as posters come in beginning October 17th.

Please join with us in making this event a fun opportunity for the community and a positive step in working together in order to support our respective ventures. We know it's not ideal- but we feel that we could offer our hospitality if not in person, virtually.

We hope you decide to join in the virtual fun!

Warm Regards,

Adam and Julie Gullett
